General Facilities	sleeping areas; sanitary and washroom; facilities, sauna; kitchen lounge areas; sufficient storage space; condition of wearing parts/materials; sufficient furnishings; tidiness of grounds				

- Each accommodation has been given the lowest possible rating in the assessment of classification, so the rating does not represent the average quality.
- Classification has been done according to the minimum requirements, so if one of the required facilities is missing the classification uses the lower rating.
- Classification is a mechanical measure where all similar facilities are viewed as being equal.
